

Parish Safeguarding Co-ordinator Induction

Welcome to your new role!

The Church of England – Birmingham safeguarding team love to meet with safeguarding co-ordinators and are here to support you in your role with advice, opportunities for networking, training etc. If you'd like to meet with a member of the team to talk about your new role and the current safeguarding arrangements in your church please get in touch with us:

Email: safeguardingsupport@cofebirmingham.com

Tel: 0121 426 0407

We've brought together the key things you need to be aware of about safeguarding in this induction – this inevitably means a lot of information. It is there to raise your awareness and refer to when you need to – you do not necessarily need to act on everything all at once. Your church may have much of this in place already. Meeting with the diocesan safeguarding team, your vicar (or church wardens if you do not have a vicar) and the previous safeguarding co-ordinator (when this is possible) to understand the current status can be helpful.

Our Website

This short induction aims to help you understand your responsibilities and where to go for help

Resources to support parishes, and information about safeguarding in The Church of England – Birmingham, are on our website:

<https://www.cofebirmingham.com/safeguarding/>

Safeguarding is everyone's responsibility

Safeguarding is fundamentally about human wellbeing – physical, emotional, sexual and spiritual. It is at the heart of the church's mission to promote human flourishing and life in all its fulness. It is at the heart of the gospel message because we are all God's people loved by God. The church should be a place for the whole community which provides a safe space in which all those who are created by God with all of our human frailties and vulnerabilities are loved and welcomed.

National Safeguarding Steering Group Report to General Synod July 2018 GS2092

Your role is to ...

... advise your church on all safeguarding matters relating to children, young people and vulnerable adults

... receive concerns and allegations and ensure that proper advice is sought and proper referrals are made

... report concerns and allegations of harm in relation to a church officer and/or at a church activity to the Diocesan Safeguarding Officer within 24 hours

... contribute to the management of any safeguarding agreements in place in your church (e.g. agreements with convicted sex offenders attending your church)

Your role is to ...

... ensure activities are being risk assessed and run safely by activity leaders

... ensure proper safer recruitment procedures are in place and being followed

... promote attendance at safeguarding training

... maintain safeguarding records

... report on safeguarding to the PCC, at least annually

Working with others

It is essential that you work in partnership with your vicar – or your church wardens, if you do not have a vicar - and with the PCC and activity leaders to create a safer environment and culture in your church

3 steps to simpler parish safeguarding ...

1. Follow the Parish Safeguarding Handbook

2. Check local procedures in Birmingham's Supplement

3. At a glance safeguarding on your Parish Dashboard

Parish Safeguarding Handbook (2018)

This is **ESSENTIAL** reading.

It brings together in one place all the things a parish must do.

If your church does not have a copy it can be downloaded from The Church of England website -

<https://www.churchofengland.org/safeguarding/policy-and-practice-guidance> - under 'Practice Guidance'

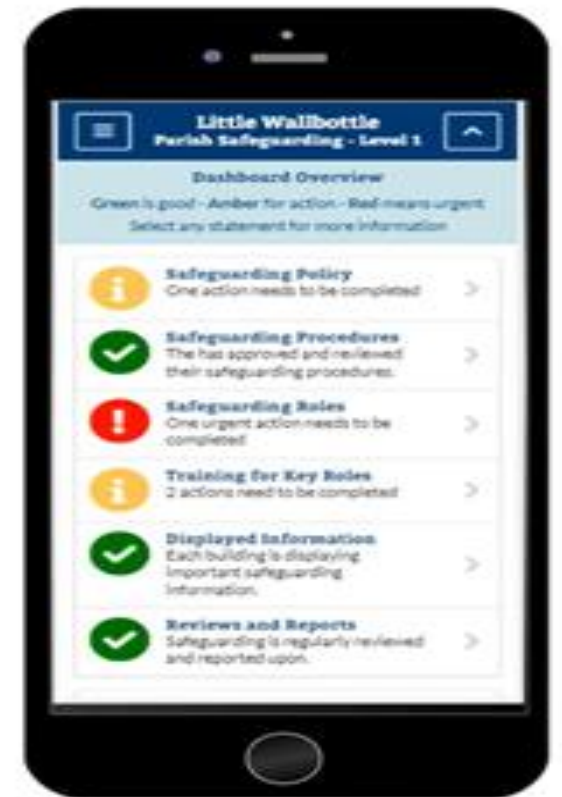

Parish Safeguarding Dashboard

Use of the Dashboard is **ESSENTIAL ...**

... for the PCC to keep track of how well it complies with national policies using a simple 'traffic light' system and to produce reports/action plans for PCC meetings.

Everyone has a responsibility to respond well to concerns and allegations of abuse – a PCC must ensure procedures are in place and known about to enable the church community to do this

Complete our online referral form at

<https://www.cofebirmingham.com/safeguarding/>

or email to

StephH@cofebirmingham.com or SarahR@cofebirmingham.com

Concerns or allegations will include:

- Abuse/concern happens at a PCC approved activity
- A church officer has / is alleged to have committed abuse - in church or in another context (or you're worried the behaviour of the church officer may lead to abuse)
- Someone who is convicted of a sexual offence or a serious violent offence (incl domestic violence) is attending a PCC approved activity
- When the PCC's duty to report a concern to the Charity Commission and/or Disclosure & Barring Service is met
- there are concerns or allegations about a hirer
- there is media attention

Responding to Disclosures...

DO

- Keep calm
- Listen carefully to what is being said – at the person’s own pace
- Take it seriously and accept without judgement
- Reassure the person that they are not to blame and were right to speak out
- Explain what you need to do next
- Be honest – don’t make promises you can’t keep
- Be aware the person may have experienced harmful spiritual practices as well as other abuse
- Think carefully before offering scripture or prayer – especially if spiritual abuse is disclosed
- Be aware – it may be very difficult for a survivor to disclose to a cleric or at church or the vicarage if the abuse happened in the church context
- Discuss with the Parish Safeguarding Co-ordinator and/or Diocesan Safeguarding Adviser

Responding to Disclosures...

DON'T

- Show shock or jump to conclusions
- Keep it secret
- Question or push the person into giving details of the abuse – you're a listener and receiver of the disclosure, not an investigator
- Suggest the use of Matthew 18 or that the person speaks to their abuser
- Alert the alleged abuser
- Discuss with others who are not directly involved in helping the person – maintain confidentiality

Sharing Information

You **MUST** always share information in order to protect a person(s) from harm - you do not need consent from the person to do this...

... but it is good practice to try to obtain consent and to tell the person who you are sharing with, and why, whenever possible, unless doing this may cause further harm or an unnecessary delay in getting help

Sharing Information

There is an information sharing flowchart and advice for when an adult doesn't want you to share their information in the document 'Sharing Information – Vulnerable Adult Consent' on our website in the drop-down menu 'Responding to safeguarding concerns and allegations, children, young people & adults' at

<https://www.cofebirmingham.com/safeguarding/>

Information about UKGDPR (the UK General Data Protection Regulation) for parishes is available at

<http://www.parishresources.org.uk/gdpr/>

Record keeping...

- Keep records factual and record professional, not subjective, judgements – remember a person has a right to see their records unless it's unsafe
- When it's safe and appropriate, show the record to the person who reported the concern, allegation or disclosure and agree with them that it is an accurate account of what they have said

Record keeping...

- Record safeguarding concerns and allegations and keep the records for 75 years
- Control access to safeguarding records and keep safely & securely

For further information see the Record Keeping drop-down menu on the Parish Safeguarding page of our website at

<https://www.cofebirmingham.com/safeguarding/parish-safeguarding/>

 THE CHURCH
OF ENGLAND

... and a guide for children and young people too

Your community in the Church of England

Churches should be safe places where you and your family can worship.

You should be able to express your opinion about your faith, beliefs and lifestyle and feel comfortable to ask questions of your leader.

We want you to know that you can talk with us about anything, even if it feels awful or small. This might be about home, school or the Church of England community.

Your leaders and helpers

Should never touch you in a way that is upsetting or involves you keeping a secret. Sometimes, if you are sad they might want to give you a hug. This should only be if you have said yes.

If they give you a lift they should have your parent's permission.

Should treat you with respect.

If they want to take a photograph of you they should have permission from you and your parents.

Should help you if there is anything you don't understand.

Should not be on their own with you unless they have special permission from your parents and the vicar. This might be the case if you are having a music lesson or a mentoring session.

Should set a good example to you in the way that they behave, they should not be rude or have favourite children.

Should not be friends with you on social media through their personal account. They should message in a group chat or with your parents.

Safe Spaces

Safe Spaces is a free and independent support service, providing a confidential, personal and safe space for anyone who has been abused by someone in the Church or as a result of their relationship with the Church of England, the Catholic Church of England and Wales or the Church in Wales.

Although the churches have funded the service, it is run independently by the charity Victim Support, who are one of the leading charities providing specialist support to survivors of abuse in England and Wales.
